

HyDri®

TIME TESTED AND RELIABLE FOR EVERYDAY USE

Discover HyDri® – an innovative natural fiber solution that combines cotton's softness with superior moisture control. Perfect for nonwoven fabrics, it provides luxurious feel and effective moisture regulation, making it ideal for hygiene and personal care.

ATTRIBUTES

- Retains cotton fiber's natural hydrophobic properties during purification
- Offers a natural fiber option with hydrophobic properties similar to synthetic fibers
- Provides a sustainable alternative
- Results in moisture-resistant fiber with softness, strength, and whiteness

RECOMMENDED PRODUCT APPLICATIONS

FEMININE & ADULT CARE

BABY CARE

CONSUMER & MEDICAL

PERFORMANCE

Improved Durability – Withstands rigorous hydroentangling processes

Nonabsorbent – More Hydrophobic than other natural fibers, promoting dryness and comfort while preventing rewet

White & Natural – Natural alternative to synthetic fibers for nonwoven applications

Free of Substances of Interest (SOIs) – Purification process ensures the removal of any SOIs

Organic Process – Purified with approved organic chemistry
